Subject: Paying More and Getting Less

[City, State, Zip]

Dear [Senator/Representative] [Last Name],

I am a constituent in [City], and I am writing to ask you to support a serious path to Universal Healthcare in the United States.

My family along with my neighbors and friends are paying excessively for healthcare. Premiums, deductibles, copays, surprise bills, and medical debt make healthcare unaffordable and insurance unattainable.

We spend more than any other developed nation, yet people skip care, delay treatment, and face bankruptcy because of illness. That is not normal. It is not sustainable. And it is not worthy of this country.

Universal Healthcare is not a radical idea. It is standard practice across advanced economies.

I am asking you to support legislation that:

1. Guarantees coverage with no gaps.
2. Caps on out-of-pocket costs.
3. Eliminates administrative waste.
4. Reduces drug prices.
5. Strengthens access in rural and underserved communities.

Healthcare should not depend on employment status or luck. It should be reliable and affordable like roads, courts, and national defense.

Please let me know if we can count on you to support improving our healthcare in the United States.

Respectfully,
